W/BEAVERFIT

2019

Evolving from our Human Performance solutions, BeaverFit Special Operations Equipment (SOE) is enabling tactical operations and training with a line of modular, deployable lockers, rigs, and complexes. Custom designed for every environment, our tactical training solutions enable Mission Essential Tasks from breaching and fast roping to maritime raids and urban combat. Our secure storage solutions are supporting warfighters forward deployed around the world with armouries, SCIFs, team lockers, and more.

PREPARE . TRAIN . EXECUTE .

“ BEAVERFIT was formed out of a personal passion for endurance-based fitness. It stems from years of steel fabrication and expertise.”
